Jonathan Slavuter

UX & Product Designer

Summary

Consummate professional with expertise in UX and product design. Well versed in user-centric design throughout the entire product life cycle. Results-driven and comfortable in large team-based agile environments as well as independent consultation.

Experience

UX & Product Designer

Conductor

Jan 2017 - Current (3 years 1 month) - New York

Partner with PMs and stakeholders to design and implement on company vision. Leverage generative product feedback, research synthesis, and OKRs to prioritize feature development, design direction, and report on growth to stakeholders. Evangelize modular design practices with product and engineering teams.

UX Designer

AndPlus

April 2015 - December 2016 (1 year 8 months) - Framingham, MA

Designed products supporting and enhancing existing customer journeys for clients across industries. Leveraged various research methods to determine pain points in workflows, and conducted usability testing to optimize products.

Creative Director

CoCreation Works

June 2013 - April 2015 (1 year 9 months) - New York, NY

Leveraged existing research and consulted with clients on customer-facing digital products. Conducted user interviews to substantiate design systems, from ideation through execution.
